1. Tell us about yourself and your story (personal comments):

2. Tell us about your surgeon (surgeon comments):

3. Many preoperative patients need help deciding if they should and which type of weight loss surgery to have. If you are a postoperative patient and would like to such a patient, please give a brief description of your experience, weight loss, and any complications or problems you may have had. We will list your response to this in a section titled "Contact Postop Patient" on the [lapsf.com](http://lapsf.com) website. A preop patient may then email you with a specific question.

4. I hereby authorize my surgeon and ObesityHelp.com to use the following information below in the ways that I specify by checking Yes or No for each item:
